مجموعة العجيمي الصناعية  
AL OJAIMI INDUSTRIAL GROUP

منتجاتنا الأكثر نجاحاً في مجال الطاقة الكهربائية بكافة مجالاتها

Our Products is the Most Successful in Electrical  
Energy in all the Fields

**MATCO Transformer Factory**

**MATCO Substation Factory**

Al-Ojaimi Transformers Factory was established in 2007 . Our factory specializes in distributor transformers, Electricity Company transformers, auxiliary transformers, and solar panel transformers.

Al-Ojaimi Transformers Factory includes teams of engineers with extensive and diverse experience in the field of transformer design, development, production, quality control and maintenance.

While the company caters to the government and private sectors, its design work is verified and tested by international laboratories to ensure the safety, durability and efficiency of its end product.

Products
PV Solar Transformer up to 10MVA as per IEC
SEC Transformer up to 1.5MVA
NG Auxiliary Transformer up to 2.5MVA
Distribution Transformer up to 5MVA

The substations factory was established in 1997 as the first manufacturing facility in Al-Ojaimi Industrial Group (OIG). Over a period of 25 years, substations factory was one of few leading factories in Saudi Arabia focused in manufacturing a wide range of package/unit substations for conventional and solar solutions of Electrical Distribution Systems with full commitment to high international standards of quality.

Products
Package Substations up to 3.15MVA
Unit Substations up to 1.5MVA
Link Boxes up to 132KV
Low Voltage Distribution Panels as per SEC Specs
Pole Mounted Cabinets
Lighting Substations
Solar Package Substations up to 6.3MVA

## MATCO Low Voltage Panel Board Factory

The panels factory was established in 1997 as it was the first factory of the Al-Ojaimi Industrial Group in conjunction with the substations factory, as it is the main supplier of panels for the commercial, residential and industrial sectors in the Kingdom of Saudi Arabia. In terms of product quality and supply to customers.

Saudi TAIHAN Factory is distinguished as the first factory in the Middle East and North Africa for the manufacture of joints and terminations. It has met the needs of the local market with the best possible quality. It has achieved wide fame and gained recognition by major customers either local contractors in Saudi Arabia or outsider investor.

The factory was established in 2017 in partnership between Al-Ojaimi Industrial Group and the Korean Company TAIHAN.

Products
NG ACDC Panels for EHV Substations up to 380kV
Low Voltage Switchgear up to 6300A
Motor Control Center Panels
Automatic Transfer Switch Panels
Power Factor Correction Panels
Synchronizing Panels
Fuse Box
Lighting Panels
Load Control Panels
Main Distribution Panels
Sub-main Distribution Panels
Circuit Breaker Panels

Products
Pre-Molded Insulated Joints up to 132kV
Pre-Molded Straight Joints up to 132kV
Pre-Molded Transition Joints up to 132kV
GIS Terminations up to 132kV
Outdoor Terminations up to 132kV
Transformer Terminations up to 132kV

Established in 2012, SWANCO Factory is proud of its unique track record of being a supplier of busbar and insulated wires in electrical power distribution for the domestic and international market.

SWANCO Factory has proven its worth and established its presence in the Saudi market with its global capabilities and distinguished team in this field.

Products
Bare Copper Bus Bar
Bare Aluminum Bus Bar
Tin Plated Copper Bus Bar
Tin Plated Aluminum Bus Bar
Enameled Copper Wire
Enameled Aluminum Wire

The ECB factory is characterized by the multiplicity of its products in the field of electric power, as it has proven its presence in the Saudi market with its distinctive designs and unique innovations, exclusively customized to suit the environments of the region. The factory is located in 2nd Industrial City in Riyadh so that it can reach its customers.

Products
LV Current Transformer
Multifunctional Digital Panel Meter
Fuse Box For Lighting
Fiberglass Meter Box
Circuit Breaker ( ACB , MCCB , MCB )
Cable Lugs & Connectors ( Copper & Aluminium )
